

# Private Contractor Engagement – access authorization

House Number: \_\_\_\_\_

Access to Waterfalls Estates is restricted to owners, residents, visitors and otherwise authorized persons. Property Owners are allowed to engage private contractors to carry out works at their property provided applicable Rules and Regulations and Architectural Guidelines are complied with. Any Private Contractor engaged in continuous works in the Estate must be duly registered with Waterfalls Property Management by the Property Owner to get access to the Estate.

To register a Private Contractor, the Property Owner is required to fill in this form and provide a copy of the NRC of each person that is allowed access. At least one person must be identified as contact person. Once Waterfalls Property Management (WPM) receives a copy of the fully filed-out form and copies of NRCs, the security detail will be instructed to allow mentioned persons through the gate during daylight hours.

It is noted that the Property Owner is responsible towards WPM and the neighbours in Waterfalls Estates for compliance with applicable Rules and Regulations by the contractor. This includes financial liability towards any damages caused by theft or accidents caused by the contractor, its personnel or representatives.

Due to security concerns, it is further noted that the contractor, its personnel and representatives are only allowed to operate inside the Estate during daylight hours. They may not camp or otherwise stay inside the Estate outside of daylight hours.
